

Second Announcement to the seminar:

Biosystems in the Baltic Sea Region 30th November 2007, 14.00 – 18.00

Initiating and creating research & development collaboration
around the Baltic Sea.

Agenda →

14.00 - 15.30 Welcome and introduction

- About the EU project Boost Biosystems
- Results of expert report and discussion on the potential of the field as a starter for ideas of new collaborative projects
- Upcoming calls in EU programmes (focus FP 7)

Frank Graage, Steinbeis Team Northeast; Hans Kuhn, Norgenta

15.30-16.00 Coffee break

16.30-18.00 Regional best practices on microsystems for biotech / medtech applications

→ From ideas to products

Dr. Sven Warnck, m.u.t. AG, Head of research and development, Wedel

→ Electronic DNA- and protein chips for detection of biomarkers

Dr. Britta Jürgen, University Greifswald, Institute of Pharmaceutical Biotechnology

→ Status High Throughput Screening and prospective challenges

Prof. Carsten Claussen, European Screening Port GmbH, Hamburg

→ Discussion of future projects (interests and main future activities)

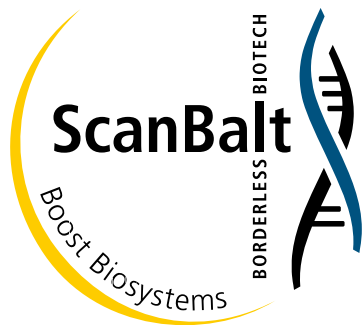

This event is especially dedicated to interested actors
in biosystems technology to take part in future EU projects
with partners from the Baltic Sea Region.
